New York NY, Chicago IL • kmadhumita@gmail.com • (630) 885-6615 • PORTFOLIO

PROFILE

Product design engineer who designs in code and ships working products. Moves from research to a live product in days, then validates with real users through moderated testing and iteration. Pairs 3+ years of brand strategy and consumer research with end-to-end product design, pitching and landing clients and presenting to C-suite executives

Software Tool Stack: Figma, Claude Code, Claude Design, Adobe Creative Suite, JavaScript, HTML/CSS, Node.js, Rhino, Miro

PRODUCT DESIGN EXPERIENCE

FREELANCE PRODUCT DESIGNER — **New York, NY & Chicago, IL**

Vantage — 2026

- Founded Vantage, an open-source tool that lets designers privately share code-based prototypes through revocable links, assign usability tasks, and collect feedback and behavioral insights without deployment friction
- Designed and shipped the product independently in **two days**, resolving **49** issues found in security and privacy audits
- Wrote **20 end-to-end tests** and published architecture and trade-off documentation in a **public GitHub repository**

Driftwood — 2026

- **Shipped the rebuilt website** for the a16z-backed AI outbound startup in **18 hours**, then redesigned both onboarding and the dashboard across **66** production-code iterations to get clients to their first demo faster, after refunds ate **53% of $14.5K** revenue
- Onboarded **6 new clients** to their first demo in **7 business days**, down from **2.5-3 weeks**; cut pilot revisions from **2 weeks** to **3 days**, raised face-cloning completion from **60%** to **100%**, and consolidated IA and simplified user journey on the dashboard from **12 tabs to 6**
- Pitched Driftwood at the **a16z AI Faire**, personally landing **66** of the team's **104** leads, the **second-most** of all featured teams at the event

Oruk ai — 2026

- Leading product positioning and interactive demo design for an October VC funding round via AI-native workflows

Pratu's Kitchen — *Launching in 2026*

- Directing end-to-end brand and digital product design for a fitness creator's **35.8K**-follower vegetarian food brand, owning user journeys, visual direction, the brand's design system, and front-end execution

Spotify - Case Study — 2026

- Surveyed **34** users to identify adoption barriers in Spotify's new product expansion, then redesigned the **Mix Beta Feature** inside Spotify's design system
- Raised average confidence ratings from **2.6 to 3.7** out of 5 through iterative prototyping and moderated usability testing, with **11 of 11** participants preferring the redesign

Stack - Personal Project — 2026

- Explored **subscription churn** with **21** design partners, then designed a budgeting app for pre-purchase decision support
- Raised usability scores (SUS) from **55 to 81** through moderated usability testing and navigation refinements

RESEARCH & BRAND STRATEGY EXPERIENCE

UNLOCK HEALTH — **Chicago, IL**

Strategist — 2025-2026

- Led messaging and launch strategy for Atlantic Health's **$30M proton therapy system**, turning physician research into the campaign messaging framework; doubled physician interest from **16% to 32%** and lifted website traffic **15%**
- Audited 4 major Bay Area health systems to identify creative whitespace, shaping **John Muir Health's $400K+** bridge campaign and creative strategy that drove **15M+ impressions** across 8 channels while outperforming blended click-through-rate benchmarks by **over 17%**
- Synthesized three years of quantitative consumer research with Consumer Compass to identify attitudinal trends among returning pediatric hospital parents, informing messaging strategy that contributed to **$200K+** in new business growth

BMF MEDIA — **Miami, FL**

New Business Strategist — 2025-2025

- Developed 2 experiential concepts for the South Portico and South Lawn at the **White House**, storyboarding 2 guest journeys and 5 brand activation zones; social media coverage generated a **14.7%** average engagement rate
- Created the integrated brand experience for **Red Bull Symphonic NYC** and co-developed a **$600K+** multi-market Looney Tunes relaunch pitch with a 3-year campaign roadmap and messaging architecture

TEAM ENTERPRISES — **Miami, FL**

Brand Strategist — 2023- 2025

- Pitched and landed enterprise clients including La Roche-Posay, Nestlé, and Target, presenting consumer research to C-suite executives across **7+** clients; led **10 competitive** brand analyses for Aston Martin's DBX 707 informing a 2025 omnichannel campaign
- Developed and executed nationwide reopening campaigns for **80+ Floor and Decor** locations; utilized Quid AI analytics to tailor tactical marketing strategy with local consumer research, resulting in **20% increase** in event foot traffic **compared to 2024**
- Led content strategy and consumer insights for the **City National Bank x Orlando Magic** partnership, increasing content engagement **35%** Q/Q while highlighting **30+** local businesses year round
