Profile

Product design engineer who designs in code, ships working products, and validates with real users. Combines 3+ years of consumer research and brand strategy with end-to-end product design.

Skills: Figma, Claude Code, Adobe Creative Suite, JavaScript, HTML/CSS, Node.js, Rhino, Miro

Product Design Experience

Driftwood (a16z Speedrun) - Product Designer — ***June 2026 - Present***

Figma, Claude Code, JavaScript, HTML/CSS — *San Francisco, CA*

- Rebuilt Driftwood's website in 18 hours; shipped 68 production-code iterations across onboarding and dashboard
- Onboarded 6 Driftwood clients to first demos in 7 business days, down from 2.5–3 weeks
- Raised face-cloning completion from 60% to 100% by redesigning onboarding for Driftwood clients
- Cut pilot revisions from 2 weeks to 3 days; simplified Driftwood's dashboard from 12 tabs to 6
- Personally landed 66 of 104 Driftwood leads at a16z AI Faire; team ranked #2 among featured startups

Oruk AI (a16z Speedrun) - Product Designer (Contract) — ***Sep 2026 - Present***

Figma, Claude Code, Prototyping — *Remote*

- Leading Oruk AI product positioning and interactive demo design for an October VC financing round
- 12 prototype demo flows built in 7 days for fund raising

Pratu's Kitchen - Product & Brand Designer (Contract) — ***Aug 2026 - Present***

Figma, Adobe Creative Suite, HTML/CSS — *Chicago, IL*

- Designed user journeys and visual system for Pratu's Kitchen, a live 35.8K-follower food brand
- Built front-end for the live site that manages 1.2K monthly visitors and $8.7K of revenue since launch

Selected Product Work

Vantage (Founder · Open-source product) | Figma, JavaScript, Node.js

- Interviewed 5 designers; built a self-hostable prototype testing and feedback tool in 2 days
- Built revocable sharing links with zero server packages; fixed 49 defects and wrote 20 E2E tests

Spotify Mix Beta (Case study) | Figma, User Research, Prototyping

- Surveyed 34 users to identify adoption barriers; redesigned Spotify Mix Beta within its design system
- Raised Spotify Mix Beta confidence from 2.6 to 3.7/5; all 11 usability testers preferred redesign

Stack (Personal project) | Figma, Usability Testing

- Researched subscription churn with 21 design partners; designed Stack for pre-purchase budget decisions
- Raised Stack's usability score (SUS) from 55 to 81 through moderated tests and navigation refinements

Brand Strategy Experience

Unlock Health - Strategist · Chicago, IL — ***Jun 2025 - Mar 2026***

- Led Atlantic Health's $30M proton launch from physician research; doubled interest 16% to 32%, traffic +15%
- Audited 4 Bay Area health systems to shape John Muir's $400K+ bridge campaign across 8 channels
- Drove 15M+ John Muir impressions, outperforming blended click-through benchmarks by over 17%
- Synthesized 3 years of Consumer Compass research on pediatric parents; informed $200K+ new business

BMF Media - New Business Strategist · Miami, FL — ***Jan 2025 - May 2025***

- Designed Red Bull Symphonic NYC; co-pitched $600K+ Looney Tunes relaunch with 3-year multi-market roadmap
- Designed 2 White House South Lawn/Portico concepts with 2 guest journeys and 5 zones; 14.7% engagement

Team Enterprises - Brand Strategist · Miami, FL — ***Jun 2023 - Jan 2025***

- Won La Roche-Posay, Nestlé and Target; presented consumer research to C-suite leaders across 7+ clients
- Led 10 competitive brand analyses for Aston Martin DBX 707, informing its 2025 omnichannel campaign
- Used Quid AI and local research for 80+ Floor & Decor reopenings; grew foot traffic 20% vs. 2024
- Led City National Bank x Orlando Magic content strategy; grew engagement 35% QoQ, featured 30+ businesses
